the Smartbacteria & Nutrition Company™

For Healthy Calves

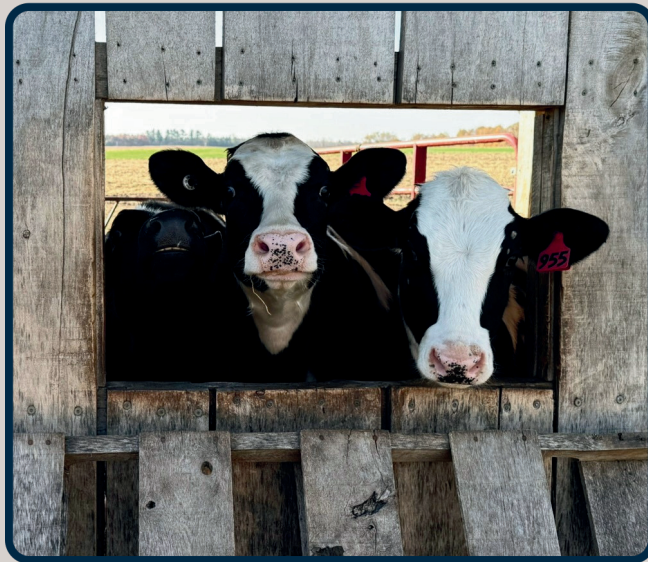

Product Explanation

- **StartUp Gel:** concentrated gel that stimulates water and feed consumption
- **Calf Gold 3E:** supports calf health by protecting the calf from disease-causing pathogens while working to help establish a functioning rumen
- **Gold Spike:** enhances the immune response in the gastrointestinal tract by quieting the pro-inflammatory response caused by pathogenic infections

*Mix Calf Gold & Gold Spike Powder in milk or milk replacer

*Open Gold Spike Capsule and mix with milk or milk replacer

* No negative effects if recommended rate is exceeded
